SUBJECT INDEX TO VOLUME 37*

Achondroplasia, *see* It's Not All Zebras
Adolescent, communicating with in the physician's office (Silber), 346
Appointment-keeping in a pediatric outpatient department (Cohen), 18
Art therapy, *see* Burn Management
Best of the Bleeder:
—Eczema herpeticum (Baker), 168
—Measles—Lest we forget (Baker), 45
—Psoriasis (Beck), 160
Book Reviews:
—*Basic Human Neuroanatomy, an Introductory Atlas* (Watson), 175
—*Beta Hemolytic Streptococcal Diseases* (Breese & Hall), 172
—*Bioethics: A Textbook of Issues* (Kieffer), 116
—*Current Pediatric Diagnosis and Treatment* (Kempe, Silver, O'Brien), 177
—*Ethical Confrontations in Counseling* (Hoffman), 171
—*Handbook of Pediatrics*, ed. 13 (Silver, Kempe, Bruyn), 177
—*Nursing Theory: Analysis, Application and Evaluation* (Stevens), 175
—*Progress in Pediatric Surgery: Causes of Post-Operative Death in Children* (Rickham, Hecker, Prevot), 176
—*The Child and Death* (Sahler), 116
—*The Child and His Family: Children and Their Parents in a Changing World* (Anthony & Chiland), 115
Burn Management:
—Art therapy (Corson), 217
—Social work (Berlin), 210
—Child life (Moats), 214
—Foreword (Randolph), 183
—Hospital chaplaincy (Gerde), 224
—Interdisciplinary approaches to prevention (Ravenscroft), 227
—Nursing care (Michelini), 187
—Nutritional management (Robbins), 191
—Occupational therapy (Del Vecchio), 207
—Overview (Randolph), 185
—Physical therapy (Schlater, Gates), 195
Carcinoid tumors in children, *see* Case Reports
Case Reports:
—appendiceal carcinoid tumors (Patterson, Kapur, Chandra), 13
—familial kinesigenic choreoathetosis (Bennett, Friedman, Platt), 22
—group B streptococcal neonatal bacteremia with maternal infection (Bergman), 88
—lead neuropathy (Blake), 251
—loa loa (O'Neill, Chamberlain), 131
—severely burned child (Cavett), 184

---

* Issue Number 1, pp. 1–60; Number 2, pp. 61–118; Number 3, pp. 119–178; Number 4, pp. 179–246; Number 5, pp. 247–324; Number 6, pp. 325–400.

—tracheobronchial anomaly of the foregut (Connolly), 79
Ceruloplasmin, *see* Clinical Laboratories
Chaplaincy, *see* Burn Management
Child life, *see* Burn Management
Clinical Laboratories:
—antimicrobial susceptibility testing (Controni), 98
—ceruloplasmin (Hicks), 147
—clinical laboratory diagnosis of neuroblastoma and pheochromocytoma (Kincaid), 368
—proficiency testing and the laboratory diagnosis of lead poisoning (Boeckx), 281
Correspondence, 111, 244
Court witness, medical professional as (Lloyd), 63
Dying child and family, skills of the social worker (Lipton), 26
Eczema herpeticum, *see* Best of the Bleeder
Enuresis, a practical guide to (Kass), 341
Familial kinesigenic choreoathetosis, *see* Case Reports
Group B streptococcal neonatal bacteremia with maternal infection, *see* Case Reports
Intracranial calcifications in tuberous sclerosis, *see* Problems in Body Imaging
It's Not All Zebras:
—Achondroplasia (Toomey), 389
—Neurofibromatosis (Rosenbaum), 234
Lead poisoning in childhood:
—A three-year-old with lead neuropathy (Blake), 251
—Childhood lead toxicity: Guidelines for detection, assessment, and management in the District of Columbia (Blake, Wolf, Ehrnman, Newton, Witherspoon, and the Health Task Force, Committee for L.E.A.D.), 260
—Community involvement in the prevention of childhood lead poisoning (Ehrnman), 316
—Lead exposure in children—A tenacious problem (Lin-Fu), 249
—Lead lines (Cohen), 278
—Lead poisoning and the renovation of old homes (Wolf, Hicks), 306
—Lead poisoning: 20 years later (Cohen), 291
—Low-level lead exposure and neuropsychologic sequelae (Oberman), 300
—Proficiency testing in the laboratory diagnosis of lead poisoning (Boeckx), 281
Loa loa, *see* Case Reports
Measles, *see* Best of the Bleeder
Meckel's diverticulum, *see* Problems in Body Imaging
Medical professional as a court witness (Lloyd), 63
Meningocele, anterior sacral, *see* Problems in Body Imaging
Mental health, identification of problems in an inner city pediatric clinic (Oberman), 329
Needle holder, conventional, design modification of (Kielich), 394
Neuroblastoma and pheochromocytoma, clinical laboratory diagnosis of (Kincaid), 368
Neurofibromatosis, *see* It's Not All Zebras
Nursing care, *see* Burn Management
Nutritional management, *see* Burn Management
Occupational therapy, *see* Burn Management
Otitis media, *see* Practitioner's Mailbox

Outpatient department, *see* Appointment-keeping
Parents, tomorrow's and today's children (Lourie), 121
Pediatrics, perspectives in (Burke), 137
Physical therapy, *see* Burn Management
Practitioner's Mailbox:
—Otitis media (Schwartz, Feldman, Grundfast, Guandolo), 377
—Reasons and rationalizations: Antibiotics for upper respiratory illness (Mier), 179
—William Carlos Williams: Poet and physician (Mier), 104
Problems in Body Imaging:
—anterior sacral meningocele (Eggli), 9
—infected subsphrenic CSF pseudocyst complicating a ventriculoperitoneal shunt (Burnette), 159
—intracranial calcifications in tuberous sclerosis (Keller), 365
—Meckel's diverticulum (Gainey), 44
Psoriasis, *see* Best of the Bleeder
Respiratory illness surveillance, July 1976–June 1979 (Arrobio, Brandt, Kim, Browning, Pyles, Chanock, Parrott), 3
Social worker, *see* Dying child and family
—*see* Burn Management
Subphrenic CSF pseudocyst, *see* Problems in Body Imaging
Tracheobronchial anomaly of the foregut, *see* Case Reports
Upper respiratory infection, *see* Practitioner's Mailbox
—*see* Respiratory surveillance
Very low birth weight infant, update (Denny), 142
Wall-Copeland Lecture, *see* Parents
